## Education

### Code Academy

Graphic & Web

I graduated from Code Academy in 2022 with honors. During my studies, I studied design programs **Adobe Illustrator**, **Adobe Pshotshop**, **Adobe Indesign**, **Figma**, **Dimension** at a professional level. Most importantly, I research and learn new styles every day and implement them.

Skilled in **Manipulation**, **3D**, **Catalog**, **Branding**, **Logo**, **Packaging**, **Billboard**, **Poster and Web design**. I always do innovative and creative things. After graduating from the Academy, when I work as a freelancer, I constantly research and create new brands which you can see in my portfolio.

October 2021 – June 2022 | Azerbaijan

## My Design Reason

### Creativity and UI/UX

The key is to engage the reader in a short way. Creative design encourages exploration and experimentation by pushing boundaries and challenging conventional norms. UI/UX is how design serves the reader from a system and visual perspective.

---

## Victory

### Design Online

Packaging

In the design online packaging competition, I was awarded 2 small titles by designing fruit packaging in Bauhaus style.merica.
