PROFILE

I am a dedicated Mechanical Engineering graduate from Azerbaijan State Oil and Industry University, with practical experience in construction and materials inspection. I have worked in various roles, including as a laborer and materials inspector, where I developed strong skills in project support and quality control. My professional experience has equipped me with a solid understanding of industry practices and a commitment to delivering high-quality results.

WORK EXPERIENCE

State Oil Company of Azerbaijan Republic (SOCAR) "Azneft" Production Association

Position: Inspector of Materials, Metals, Semi-finished Products, and Goods
08.02.2024- Present

- At the State Oil Company of Azerbaijan Republic (SOCAR) "Azneft" Production Association, I work as an Inspector of Materials, Metals, Semi-finished Products, and Goods. My responsibilities include overseeing the quality and inventory of materials and ensuring that all products meet the required standards. I am actively involved in maintaining the efficiency and accuracy of material management processes.

Huner-Inshaat

Position: Laborer
Date: 05.07.2021-17.08.2021

- At "Huner-Inshaat" Company, I worked as a Laborer, assisting with various construction tasks. My role involved handling materials, performing manual labor, and supporting the team in executing project requirements. I contributed to the efficiency of the construction process during the project period.

Alibayli MMC

Position: Construction Worker
Date: 07.08.2020-26.08.2020

- At "Alibayli LLC," I worked as a Construction Worker, performing various tasks on construction sites. My responsibilities included preparing and handling materials, organizing work areas, and ensuring compliance with project instructions. During this period, I contributed effectively to short-term projects with a professional approach.
